

**REMARKS**

Claims 1-28 and 30-38 are pending in the present application.

The Examiner has required election in the present application between **Groups I-VII** as stated on page 2 of the Office Action.

**For the purpose of examination of the present application, Applicants elect, with traverse, Group III, Claims 1-28 and 30-38 (in part), wherein X5 is a bond and X6 is nitrogen.**

Applicants traverse as there is no undue burden to search all Groups. Also, should a single general inventive concept is later found, then rejoinder is proper.

The Examiner has also required an election of species. Applicants elect, with traverse, the compound of 3-(5-(2-(5-(3-chloro-phenyl)-isoxazol-3-yl)-pyrrolidin-1-yl)-4-methyl-4H-[1,2,4]triazol-3-yl)-pyridine. Claims 1-3, 5-13, 17-19, 22-24, 27 and 28-38 read upon the elected species. Applicants believe there is no undue burden to expand the search for other species.

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact Eugene T. Perez, Registration No. 48,501, at the telephone number of the undersigned below, to conduct an interview in an effort to expedite prosecution in connection with the present application.
